

## READY FOR SALE

With the current Tariff battle, there is a limited-time opportunity for our customers to purchase some materials at great prices. Act now to secure your order!

Rest assured, the materials are of the highest quality, with third-party inspection of the finished product. Please find below details on some Pipe that was destined for Canada, and only half the material made it before a Policy change.

The final half of the pipe is now available at cost + shipping.

Please get in touch with us for additional details if required. (Additional sizes are available with a 30-day supply window + shipping)
